\* **Handicap Lock:** Handicaps will be locked for the last two weeks of the season. Your locked handicap will be based on your most recent 6 weeks with the highest and lowest scores being discarded.

\* **Pick Up When Hole is Lost:** Because the scores for the last two weeks will not factor into the handicap for the remainder of the season you should pick up when the hole is lost. Spend more time on shots that matter and none on ones that don't.

\* **Alternate Shot Event on 9/3/20:** This will be an optional Team HDCP Alternate Shot event. We will use the same tee times as we had for final position round the week before. A team's HDCP will be based on 60% A Player HDCP and 40% B Player HDCP. **1st = \$100 / 2nd = \$50 per team.** Payouts in Shop Script. Structure based on full field of entries.

\* **Grand Finals Event Sunday 10/4/20**
